Report of the Chairman & President

There aren't many financial institutions that can trace their history back nearly eight decades. But 79 years ago, 30 members signed charter documents and, with \$855 in deposits, started University Federal Credit Union. Today as we approach our 80th anniversary, UFCU continues to deliver on its mission to provide for the well-being of our members. Our team of nearly 600 employees and dozens of volunteer leaders worked tirelessly in 2015 on behalf of our members and their families to achieve some significant milestones.

Thanks to the trust members place in this financial cooperative and a strong local economy, UFCU's financial performance continued exceptionally strong. Assets exceeded \$1.9 billion in 2015, representing annualized growth of 9.7%. Additionally, audit and examination results were exemplary.

Noteworthy 2015 accomplishments include:

- *Opened a campus financial center at Texas State University in San Marcos. Through this facility, UFCU offers campus financial workshops for the Texas State community. Additionally, a full-service interactive financial center opened in central San Marcos in early 2016.*
- *Increased services to Galveston County members through opening of UFCU's first mainland facility at Victory Lakes on IH-45 in League City. This contemporary interactive financial center opened in September.*
- *Redesigned the Lakeway Mortgage Center into a full-service interactive financial center now positioned to better serve members in far west Travis County.*
- *Expanded services for small business owners, including a low-fee, low-balance business checking account, a more robust business debit card, and a deposit card that makes it easy for small business employees to conduct business at UFCU interactive financial centers.*
- *Launched Apple Pay™, bringing improved security, privacy, and mobile checkout features to our members. These technological enhancements reduce the likelihood of stolen card numbers and more fully protect personal data from shopper transactions.*
- *Began adopting chip technology-based debit and credit cards. These cards provide members with greater protection from fraudulent card transactions.*
- *Deployed three additional ATMs at Seton Healthcare facilities as part of continuing effort to better serve the healthcare community. UFCU now offers members ATMs at Seton Southwest Hospital, Dell Children's Medical Center, Seton's Administrative Office, and Seton Northwest Hospital.*
- *Enhanced services to the UT-Austin community with the addition of an ATM at the University of Texas Facilities Complex.*

As we continue to grow and expand products, services, and financial center locations, we do so with one singular focus---serving you, our 200,000 members. We thank you for giving UFCU the opportunity to provide for your financial well-being. We are honored to count you among the UFCU family.

Warm regards,

Ellen E. Wood

UNIVERSITY FEDERAL CREDIT UNION
ANNUAL REPORT FOR 1960
OF THE BOARD OF DIRECTORS

TO OUR MEMBERS:

1960 was another successful year for the University Federal Credit Union. Income, loan volume, savings, number of members and share balances all increased significantly as shown in the summary table below:

	1960 Year (1960)	1959 Year (1959)	Per Cent Increase
Total Income	\$318,047	\$274,709	15%
Total Assets	\$5,741,356	\$3,603,185	58%
No. of Members	3,806	2,350	62%
Share to Members:	4,281	3,707	14%
Amount Outstanding	\$3,000,923	\$1,911,932	57%

Dividend payments to shareholders amounted to \$187,200, or compared to \$159,932 in 1959, and we were able to add to our Undivided Earnings that offset the amount we had to draw from this account to pay the June 30, 1960 Dividends.

In both the first and second half of 1960, your Directors declared a 15% dividend on shareholders' deposits. We continue to provide those members who are borrowers with low rates, attractive forward loans, and bank standards, and those who have loan balances receive Member Income on deposits.

In the early part of 1967, we moved from our new building at 120 West Sixth Street, and the reaction from our members has been very fine. In fact, that this building will continue to stand to be had better relations with our clientele, if we

2015 Supervisory Committee Letter

The Supervisory Committee's purpose is to ensure management's financial reporting is timely and accurate, and that management practices safeguard members' assets. The committee assesses whether management has established and maintained effective internal controls, promptly and accurately prepared accounting records and financial reports, and properly administered relevant plans, policies and control procedures to safeguard assets.

The Supervisory Committee makes these determinations by conducting audits and verifications. The committee engaged the CPA firm of Orth, Chakler, Murnane & Co. to audit UFCU's 2015 financial statements. The committee is pleased to announce that the auditors expressed an unmodified opinion, meaning that they determined that UFCU's financial statements present fairly, in all material respects, the financial position of UFCU in accordance with Generally Accepted Accounting Principles. Copies of the report are available to members upon request.

The board-appointed, volunteer members of the Supervisory Committee also regularly review management practices to ensure safety and soundness. Members attend board meetings to stay apprised on matters of governance and meet with management to review and discuss risk, regulatory compliance, and operational issues. The committee also directs the internal audit activities of the Assurance Services function, including review of and follow-up on all audit issues.

The committee receives and promptly investigates and responds to member letters of complaint sent to UFCU's federal regulator, the National Credit Union Administration, to ensure issues are addressed fairly. Committee members also attend educational conferences and stay abreast of industry news and developments through professional publications.

The Supervisory Committee is appreciative of the collaborative working relationship it has with the UFCU Board of Directors, and commends UFCU management for its responsiveness and commitment to addressing all audit and NCUA examination issues.

For their time and efforts, I personally thank fellow committee members: Chris Plonsky, Faraz Khan, Leslie L. Blanke, Ph.D., and Brady Cole, RADM USN SC (Ret).

Sincerely,

2015 Report Of The Treasurer

Last year, Austin's vibrant business environment, stable housing market and robust job growth combined to generate high member demand for credit and other financial services. University Federal Credit Union (UFCU) was able to meet that demand because of members' continuing support for their cooperative, UFCU's prudent lending practices, and our unwavering commitment to deliver high quality, competitive products and services.

In 2015, loan disbursements totaled \$1.28 billion, boosting total loans outstanding to \$1.55 billion, an increase of \$160 million, or 12%, from year-end 2014. Member deposits recorded growth of \$151 million, or 10%, bringing the year-end total to \$1.74 billion. Total assets ended the year at \$1.95 billion, representing annual growth of 10%. On total revenue of \$123 million, UFCU generated net income of \$17 million, representing a return on average assets of .89%, boosting member equity by 12% to \$161 million.

It is important to note that UFCU volunteers actively lead and influence the cooperative's financial performance and related decision-making through actions of the Asset Liability Management/Budget Committee, which is chaired by the board-elected treasurer and composed of five other volunteers, three of which also serve as directors. The Asset Liability Management/Budget Committee meets regularly to review national and local economic conditions, develop and recommend financial policies to the Board of Directors, determine long-term financial objectives and annual financial plans, and monitor ongoing financial performance relative to those objectives.

I am proud to report that UFCU remains financially strong, and is fully committed to further expanding and enhancing its products and services to meet the evolving financial needs of our 200,000 members.

Warm regards,

D. Michael Harris, Ph.D., CPA, CITP
